### **PART IV: DISTRICT 5 DELEGATE VACANCY**

**Please state why you wish to serve as the Maryland Delegate for District 5. Confine your response to 500 words or less.**

I am ready and prepared to take on this office in service to the people of Carroll County with a strong conservative Republican philosophy. I want to reduce the tax and regulatory burden on businesses across the State of Maryland to return Maryland to a business-friendly, job-creating environment. I am a career small-businessman and know first-hand the adverse effect of big government. I have felt the pain of the democrat's legacy foisted upon the average Marylander and Maryland's business community. I have seen how current regulations are hurting Maryland farmers and their ability to keep their farms. I promise to serve to the best of my ability and to promote and support these conservative Republican policies.

**If appointed as the Maryland Delegate for District 5, do you intend to run for election to the office of Maryland State Senate for District 5 in 2018?**

Yes, if appointed, at this time, I would plan to run as the Maryland State Senator for District 5 in 2018.

**PART V: PARTY AFFILIATION**

**Have you ever held a different party affiliation (e.g., if you were previously a Democrat or Independent, but are now a Republican, please state as such and provide details about when you changed your party affiliation)?**

I have never been affiliated or registered with a party other than the Republican Party.

**PART VI: BACKGROUND QUESTIONS**

**Please answer "yes" or "no" to each of the questions below. For any questions to which your answer is "yes", please provide details on a separate sheet.**

**PART VII: STANCE ON ISSUES**

- 1. Please describe what you believe is the role of government**

Government derives its powers from the consent of the governed. I believe the role of government is to provide safety and security for citizens, not to run its citizens' lives. Government must be minimized and limited.

**2. Please explain your economic views and major economic influences**

I believe in a free-market economy including individual property rights and the rule of law. My views have been influenced by Milton Friedman, Ronald Reagan, and Robert Carlson.

**3. What is your position on gun control and the Second Amendment**

I am a pro-Second Amendment NRA Member. I coordinated classes that were taught at the Isaac Walton League, Frederick, for gun safety and best-use practices on behalf of the International Division of the Leadership Institute.

**4. What is your position on abortion and euthanasia**

I am staunchly pro-life through natural death.

**5. What is your position on taxes**

I have signed the ATR tax pledge to not raise taxes or regulatory fees. And to limit spending as a means of reducing the need for tax revenue.

**6. What is your position on common core**

I am against the Common Core standards. I am in favor of local and parental control of school systems.

**7. How would you work to create jobs**

I would reduce the tax burden on the private sector and specifically reduce marginal tax rates, also reduce regulations, and other actions that would create jobs in our County, and in the State as a whole.

**8. Please explain your position on Obamacare and healthcare in general**

I am in favor of the full repeal of Obamacare including individual and employer mandates, and mandated coverages. I support health insurance portability and free market models to reduce costs.

**9. What is your stance on converting from a commissioner form of government to a county executive form of government**

I favor our current commissioner form of government.

PART VI, Question 3 Details

Back in 2003 a former employee sued my company and named me as a personal defendant over employment-related claims. The plaintiff ultimately elected to voluntarily dismiss the case with prejudice against the plaintiff.
